We learned what you want in a Shaving Cream by examining 1,000 men like you.

Then we set out to meet those who like you, better than others had done.

Now we ask, a test—a free test—is for men to 1,000 men and so.

We are confident.

This is a famous soap laboratory. For 60 years it has studied soap chemistry. It is the leading soap of the world—Palmolive—is one of our creations.

We made up and tested 1,000 soaps for males to attain the standard in a shaving cream. Soap by soap we met your desires in ways that will delight you.

Now we offer you a Shaving Cream that meets in these five major ways:

- 1—It multiplies itself in just 150 times.
- 2—It acts quickly, softening the beard in one minute.
- 3—The lather maintains its creamy richness for 300 seconds on the face.
- 4—Extra strong bubbles support the hair to cushion while weak bubbles let hair fall down.
- 5—The palm and olive oil blend makes the after effects delightful.

No money wasted

Now we ask you to prove these claims. Make one visit to our office. If we have not exceeded the claims, you will not be asked to accept our cream. If we have not, you'll know it. Men can't be fooled in this line.

So as the courtesy of a no-charge test. Cut out the coupon now.
